

Rhinoback

Specifications

August 2021

<u>Description:</u>	This material handling hose is designed for gravity or positive and negative pressure applications in bulk material handling. This hose is made to specific I.D. and lengths for specific make and models of street and parking lot sweepers.
<u>Color:</u>	Black
<u>Temperature Range:</u>	-40 F to 280 F
<u>Wall Thickness:</u>	0.375" inch
<u>Wall Reinforced:</u>	Double-ply synthetic fabric reinforcement.
<u>Cuffs:</u>	3 inch cuffs are standard on all available sizes, which makes for easier clamping of the hose.
<u>Compression Ratio:</u>	1.5 to 1.
<u>Applications:</u>	Street and parking lot sweeper intake and suction side hose.
<u>Flexibility:</u>	This hard durometer (65-75) sheet rubber offers limited flexibility and low elasticity.
<u>Notation:</u>	All original manufacturers' names, data, parts and drawings are presented for identification only. All parts are products of Rubber-Cal, Inc. and in no way does Rubber-Cal imply the listed products are original manufacturer parts.
<u>Availability:</u>	We try to keep in stock all of the below sizes, custom sizes are available with a 12 week lead time..

Disclaimer: The proper use and maintenance of the hose and/or duct is the sole responsibility of the purchaser and ultimate user of the product. This information is presented as a general guide only. The number of variables which can be present in any application make firm recommendations impossible. Adequate testing under actual service conditions is necessary to properly establish suitability. We take pride in the quality of all of our products and we welcome comments and suggestions from our customers.
